* County served by CAFB Food Stamp Outreach sub-contractor(s) in FFY06.

Bold Counties are the FANout's 6 priority counties

Top 5 Counties with the highest poverty rates

Top 5 Counties with the highest child poverty rates

Top 4 Counties with the greatest percent Food Insecurity (with and without hunger)

Top 5 Counties with the highest percent of Food Stamp Participants

Top 5 Counties with the worst PAI Score

Top 4 Counties with the greatest percent of the state's nonparticipating eligible individuals

Rankings: 1 = Best

1 Small Area Income and Poverty Estimates, 2003, <http://www.census.gov/hhes/www/saipe/tables.html>

2 Calculated by dividing # of food insecure low-income adults (< 200% FPL) from CHIS 2003 by the # of adults in the county. Note: CHIS reports combined food security estimates for smaller counties.

3 Number of FSP participants in the county - average of 2005 monthly figures source: DFA 256 - Food Stamp Program Participation and Benefit Issuance Report http://www.dss.cahwnet.gov/research/DFA256-Foo_422.htm

4 Program Access Index (PAI) is a USDA-FNS poverty-based measure less precise but more readily calculated than USDA's FSP participation rate. USDA's method is applied here to the county level with one exception - Food Distribution Program on Indian Reservations (FDPIR) figures are not factored into the index because not available on a per county basis. Index is the average number of FSP participants in FY05 as ratio of number of individuals below poverty excluding individuals below poverty receiving SSI, as estimated using a statewide average. Source for FSP participation DSS DFA256 report http://www.dss.cahwnet.gov/research/DFA256-Foo_422.htm and the number of persons in poverty from <http://www.census.gov/hhes/www/saipe/tables.htm>.

5 Estimate based on Number of FSP participants in county (col #7) and county's PAI (col #9) e.g. (col #7/col #9)*(1-col#9)
